

Dennis Jernigan, due to the nature of his own story, understands the pain life can bring, but he also understands the healing power of a relationship with Jesus Christ. Dennis spends a great deal of time in his personal ministry helping people deal with their emotional wounds. A Thread of Hope was born out of ministry to one such person who needed to hear a song of deliverance born from her own intense pain and abuse at the hands of adults. This book is intended for adults. Dennis would advise parents to read A Thread of Hope before allowing their children to read it. It is a sad state of affairs that we even need such a book . . . but we do. Use A Thread of Hope to find Jesus and His healing in your own life, and use it to minister healing to the hurting people you encounter.
