

Telling a new crush that you like a little spanking in your romance is always going out on a limb, but in a town as small as Poho, that was just one limb Charla Savelle couldn't feel comfortable about climbing out on. So she built herself a life without love, turning away from airy dreams and surrounding herself with her work in stone. But then the dog walked in through the front door and Charlas life changed forever... Dr. Milo Bickleman had been burnt by love before. There was nothing quite like having an ex-girlfriend tell everyone she knew that you were a deviant to make a man swear off relationships forever. And since his fresh start in tiny Poho could be seriously compromised should history repeat itself, that was one vow he'd never had trouble keeping... until he stumbled over Charla... and the dog... and the diamonds... and the three sinister men who seemed to be following her. No one ever said new relationships were easy. Charlas Shadow is a 17 Chapter/73,917 word spanking romance. If you are at all bothered by heroes who spank the women they love, then please don't buy this book.
