

Create a complete garden from scratch with this interactive personal organizer. Beginning gardeners can assess their wants and needs and match them to the available garden plot, budget, and time constraints. Essential construction and planting techniques are covered and illustrated in fifteen step-by-step projects, together with new and exciting ideas for garden features, decorative effects, and planting designs. A clear plastic cover and wire binding make it sturdy and practical to use, while a plastic, zipped folder keeps tear sheets, pictures, and other reference material handy. Notebook sections throughout the book allow the reader to design his or her own garden on grids and story boards. It's a book you'll want to keep with you at all times - from the armchair to the nursery to the garden.
