NOAA hurricane scientists captured video of their storm hunting plane flying through the eye of Hurricane Florence. Experience live storm chasing & watch top storm chasers stream dashboard video of tornados and extreme weather as it happens. Compatible with Android. Flying Through the Eye of the Storm: NOAA Hurricane Hunters. Most pilots try to avoid flying an airplane into severe weather, but not the NOAA Hurricane. Storm chasers don't run away when they see a tornado -- they follow it. Learn why storm chasers do what they do and see what it takes to become a storm chaser.

Storm surge forecasts have benefited from the addition of NOAA-developed Stepped Frequency Microwave Radiometers (SFMRs) to NOAA's P-3s. SFMRs.

In case you were wondering: There is no "Storm Chaser" job description at NSSL. The only time people chase storms for NSSL is when a special project is being. Three storm chasers, including two contractors for The Weather Channel, were killed Tuesday when their vehicles collided at a rural crossroads.

NOAA's P3 research plane is usually used to hunt hurricanes but now it is also being used to target and study tornadoes. But not the Hurricane Hunters. Oh no. No cube farms for these storm chasers. Excitement is their bread and butter. Par for the course. A regular.

Besides, the weather we're interested in is down at the bottom of the storm, where it will affect the coastline it hits. For this reason, we fly in as low as possible.
