

This book is about the work of science fiction writer Leigh Brackett, and is a companion to the Leigh Brackett (ology) website and collects the content found at the site. The various entries and elements can also be browsed there. Brackett was known as the Queen of Space Opera, and famous for a series of vivid planetary romance adventures, particularly those of Eric John Stark. She was also a crime writer and screenwriter. It contains an analysis of the elements of her published stories, plus summaries of the work explaining what they are about, and a classification. It also contains details of and links to free works online, encyclopedia, bibliography, interview and other such reference works, as well as the author's presence on the internet and other categories of interest. There is also a concordance for each story included at the end. The works appear here in reverse chronological order of appearance at Leigh Brackett (ology).
