

Oxford Infant Atlas uses colourful artwork style maps and space images to create an exciting atlas for all 4-7 year olds. The combination of clear and easy-to-read maps and stunning satellite images in full colour is an excellent introduction to maps. The content meets the requirements of the National Curriculum at Key Stage 1 with a glossary, contents and index as well as an extended section on Europe, including the European Union, and the United Kingdom. The Index lists all the place names, which children must know at Key Stage 1.
