

This is a look into the mind, logic, and reasoning of a real-life paranormal investigator, coupled with examples of their real case files to illustrate why paranormal occurrences and encounters need not be feared. As a professional investigator and founder of South Eastern New England Paranormal Investigative Research, the author has encountered a wide range of phenomena that tend to frighten the average observer. In the pages of Paranormal Peace of Mind are tales of real-life encounters with the unexplained along with behind the thought process explanations as to what is believed to be at work. Have you had an encounter that you can't explain? Did it send chills down your spine? Have you thought what would I do if I saw a ghost? Do you fear an encounter that you have had or may one day experience? If you've answered yes to any of these questions, then Paranormal Peace of Mind is the book for you, because within its pages you are sure to find that you are not alone, and others just like you, including the author and his team, have overcome their own fears using the techniques and knowledge contained within Paranormal Peace of Mind.
