

La recherche biographique explore les processus de construction du sujet dans l'espace social, à travers les configurations narratives qu'il donne à son existence et à ses expériences. Reexaminant les enjeux épistémologiques et les enjeux sociaux de ce courant de recherche, l'ouvrage illustre et documente l'évolution de la recherche biographique, de sa fondation et ses décisifs développements dans le champ de la formation des adultes à son élargissement à d'autres territoires d'investigation.
