

Israelis are bold and visionary, passionate and generous. But they can also be grandiose and self-absorbed. Emerging from the depths of Jewish history and the drama of the Zionist rebellion against it, they have a deeply conflicted identity. They are willing to sacrifice themselves for the collective, but also to sacrifice that very collective for a higher, and likely unattainable, ideal. Resolving these internal conflicts and coming to terms with the trauma of the Holocaust are imperative to Israel's survival as a nation and to the stability of the world. Alon Gratch, a clinical psychologist whose family has lived in Israel for generations, is uniquely positioned to confront these issues. Like the Israeli psyche that Gratch details, *The Israeli Mind* is both intimate and universal. Intelligent and forthright, compassionate but sometimes maddening, it is an utterly compelling read. Drawing on a broad cultural and historical canvas, and weaving in the author's personal and professional experience, *The Israeli Mind* presents a provocative, first-hand portrait of the Israeli national character.

Jasper Travels the World, Elements of Military Art and Science, Mother Knows Best The Natural Way to Train Your Dog - 1985 publication, Agaram Bagaram Baba: Life, Teachings, and Parables -- A Spiritual Biography of Baba Prakashananda, The Evolution of English Lexicography,
