

The Jews of North America, based on the latest research by fifteen historians and scholars from Canada, Israel, and the United States, is the first book to focus on the ethnic totality of the American and Canadian Jewish experience. The book blends a rich array of interrelated themes into a composite whole that is central to an understanding of North American Jewish history. The emphasis on continuity of tradition in these essays counters the prevailing myth of discontinuity, which promotes the notion of the great sense of separation Jews felt from the world we have lost. The volume also provides an interesting comparative dimension by examining the similarities and dissimilarities of the American Jewish immigrant experience in both Canada and the United States.

Hurricane, Basic Economics (Handbook Series), The Physics of Musical Instruments, Bronstein: Move by Move, French Glossary of Accountancy and Management Terms: French-English/English-French (Language - French),
