

This new textbook offers the reader an accessible introduction to the study of modern naval warfare, providing a thorough grounding in the vocabulary, concepts, issues, debates and relevant history. Navies operate in an environment that most people do not understand and that many avoid. They are equipped with a bewildering range of ships, craft and other vessels and types of equipment whose purpose is often unclear. Writings on naval warfare are usually replete with references to obscure concepts explained in arcane language that can serve as an effective barrier to understanding. It is the objective of this book to cut through the obscure and the arcane to offer a clear, coherent and accessible guide to the key features of naval warfare that will equip the reader with the knowledge and understanding necessary for a sophisticated engagement with the subject. Understanding Naval Warfare is divided into two key parts. The first focuses on concepts of naval warfare and introduces readers to the key concepts and ideas associated with the theory and practice of naval operations. The second part focuses on the conduct of war at sea, and also on peacetime roles for contemporary navies. This section concludes with a chapter that looks ahead to the likely future of naval warfare, assessing whether navies are likely to be more or less useful than in the past. This textbook will be essential reading for students of naval warfare, seapower and maritime security, and highly recommended for students of military history, strategic studies and security studies in general.

Antisocial Behavior and Crime: Contributions of Developmental and Evaluation Research to Prevention and Intervention, Leigh Brackett (ology) (Blue Tysons Author Analyses Book 3), Why Evil Exists: 30 Days of Preparing for Battle (Logical Beliefs - Daily Devotional with a Daily Bible Verse for Everyday Christian Living, Book 2), Reverse the Curse in Your Body and Emotions, The Relational Company: Responsibility, Sustainability, Citizenship (Frontiers of Business Ethics), Acertijos con numeros para ninos (Juegos Y Acertijos) (Spanish Edition), Religious Culture of North-Eastern India (Nehu History Series, No. 2), James Thorne, Of Shebbear, A Memoir: Compiled From His Diary And Letters (1873),
