

If you think sex education is still about the birds and the bees, think again. And it's not about science either. In her shocking expose, *Yours Teaching My Child What?*, Dr. Miriam Grossman rips back the curtain on sex education today, exposing a sordid truth. Today's sex ed programs aren't based on science; they're based on liberal lies and politically correct propaganda that promote the illusion that children (yes, children) can be sexually free without risk. As a psychiatrist and expert on sexual education, Dr. Grossman cites example after example of schools and organizations whitewashing - or omitting altogether - crucial information that doesn't fit in with their PC agenda.
